

Advantages of working at our company

Project Management Consultant, is a dedicated company to project management services, formed of professionals from different industries. Together we maintain a strong and successful team who are committed and engaged with our customers in leading any type of project.

This combination of experiences is the basis of a “pool” of knowledge to the company, which has allowed us to merge the best practices of the career that leads us to strive the best solutions through collaboration of our project managers. Our staff, bilingual, most of which have international certifications such as

Project Management Professional (PMP)

®

, Certified Associated Project Management (CAPM)

®

, Program Management Professional (PgMP)

®

, from the Project Management Institute (PMI)

®

and Facilitators for courses related to project management and of the Methodology of the Strength Deployment Inventory (SDI) to lead interpersonal relationships and conflicts. These are competencies, capability and attitude to use their knowledge, experience, and skills to

successfully realize the company's business objectives.

It is our company policy that all employees perform at a high professional, competency for the job market requirements and strict confidentiality to the clients. Our daily operations are based on the values which contribute to our corporate culture that flows through all levels and in each of our organization. These values together with the Code of Ethics and Professional Conduct of the PMI® are aligned with the principles and best practices established by the PMI® which contributes to the constant growth and success of the company.
